Saved From an Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage, all bronchial troubles, it has no equal, 50c, \$1.00. Trial bottle free. THE CHRISTMAS TREE

O the Christmas tree so bright and green, awaits Old Santa Claus. And the chimney place all swept and clean gapes wide its ponderous jaws. The little stockings are all hung up, and baby's just make four. Won't Old Santa Claus be surprised when he finds there is no more. There's an elegant place up in the tree to hang Johnny's gun, and aplace for May and one for Kate to leave their dolls upon. But for little baby blue eyes a lower branch he must choose, where she may reach and find the place he's hung her first new shoes. Turn down the light a little, now, so Old Santa Claus can see. And baby and all must go to bed and be as good as good can be, and to-morrow morn get up early, after a long night's sleep

and come softly to the Xmas tree and see

Who will get the first peep.

FIRE DESTROYS HAYWOOD WAGON WORKS

Madisonville Manufacturing Concern Wiped out of Existence in Short Time.

Fire broke out in the Haywood Wagon Works building at 11:30 Wednesday night and was discovered by Robert Couch a negro boy who was passing. The alarm was turned in at once but before any one could reach it the building was in a light blaze. After some delay the hose was attached but the building was almost consumed and the hose was used to prevent a spread of the fire to other buildings.

It looked as if the Lunsford stable would be burned and the horses, buggies, ect., were removed to a safe distance.

The new hose recently purchased by the city council did good work and prevented the fire from spreading.

The fire is supposed to have caught from a fire in the stove in the front office as this part of the building was burned first.

The Haywood building was owned by the Barnett heirs and was valued at \$5,000, partially covered by insurance. J. W. Haywood was renting the building for his wagon works and blacksmith shop, and the loss to him will also be considerable. He valued his stock at \$2,700, with \$2,000 insurance held by Langley and Whittinghill.
